INTRODUCTION & WARRANTY

Thank you for selecting and buying V-TAC SMART LED Lighting. V-TAC will serve you the best. Please read these instructions carefully before starting the installation and keep this manual handy for future reference. If you have any other query, please contact our dealer or local vendor from whom you have purchased the product. They are trained and ready to serve you at the best. The warranty is valid for 2 years from the date of purchase. The warranty does not apply to damage caused by incorrect installation or abnormal wear and tear. The company gives no warranty against damage to any surface due to incorrect removal and installation of the product. The products are suitable for 10-12 Hours Daily operation. Usage of product for 24 Hours a day would void the warranty. This product is warranted for manufacturing defects only.

IN CASE OF ANY QUERY/ISSUE WITH THE PRODUCT, PLEASE REACH OUT TO US AT: SUPPORT@V-TAC.EU
FOR MORE PRODUCTS RANGE, INQUIRY PLEASE CONTACT OUR DISTRIBUTOR OR NEAREST
DEALERS. V-TAC EUROPE LTD. BULGARIA, PLOVDIV 4000, BUL.L.KARAVELOW 9B

SAFETY WARNING

1. Please make sure to turn off the power before starting the installation.
2. Installation must be performed by a qualified electrician
3. Do not exert external force or throw on the lamp.
4. Lamps should be stored in cool/dry place. Always make sure the environment is clean before installing the lamp.
5. Do not discard the lamps with regular trash. Lamps are made with electronic components and should be properly disposed at designated locations with unified treatment like traditional electronic equipment.

NOTE:

1. This device requires Wi-Fi Frequency 2.4Ghz
2. Operating frequency (maximum transmitted power) 2400MHz -2483.5MHz (20dBm)

This marking indicates that this product should not be disposed of with other household wastes.

MULTI-LANGUAGE MANUAL QR CODE

Please scan the QR code
to access the manual in
multiple languages.

APP INSTALLATION

- Step 1: Disconnect the power supply and install the lamp.
Step 2: Turn the power ON to test the lamp.
Step 3: Enable WI-FI and bluetooth on your phone device.
Step 4: Scan the given QR code, or download "V-TAC Smart Light" from the App Store (iOS)
or the Google Play Store (Android).

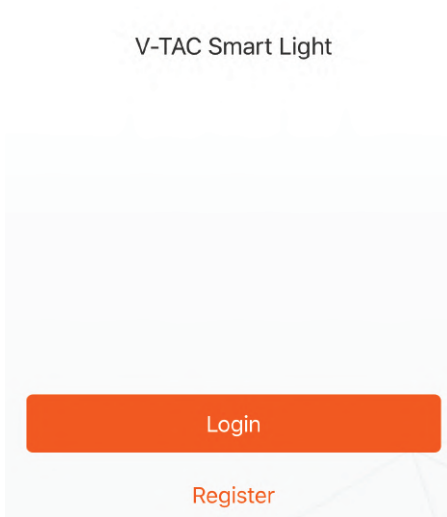

For ANDROID

For IOS

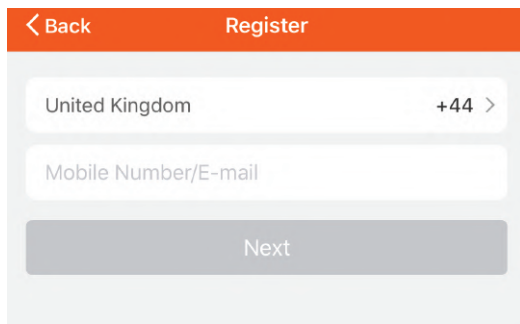

Step 5: Open the V-TAC Smart Light app and tap on register for creating a new account.

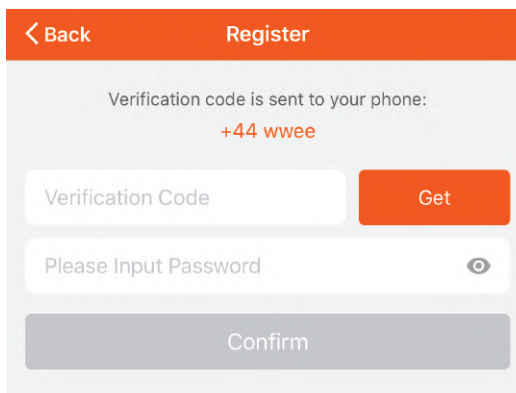

Step 6:

A) Mobile Number: Select the country, then enter your mobile number. Once done, tap 'Next'.

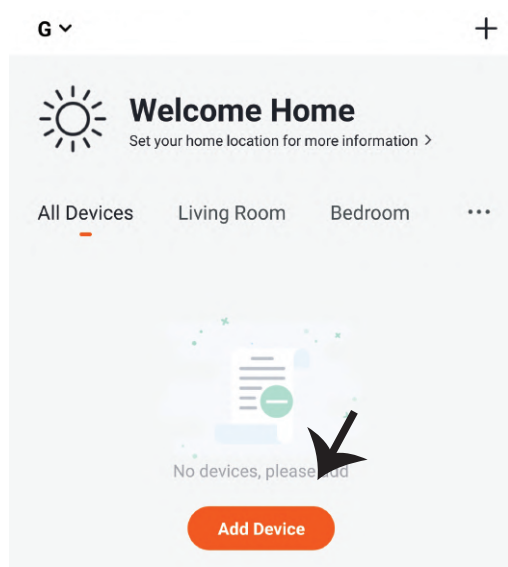

B) E-Mail: Enter your email id and tap on 'Next'.

Step 7: Enter the verification code which will be sent to your mobile number/email id, then assign a new password to your account and tap on "Confirm".

Step 8: Tap on 'Add Device' or the + sign. Make sure the lamp is switched on.

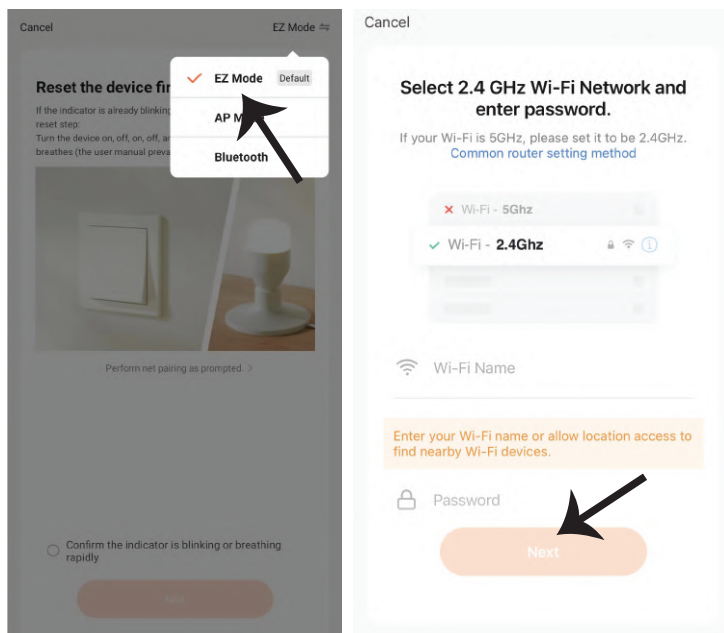

V-TAC Smart Light Bulb offers two types of pairing modes:

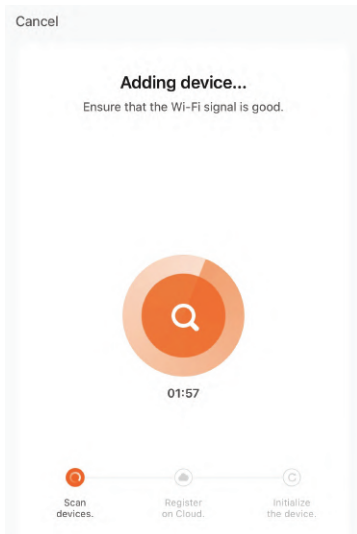

- 1) EZ Mode - Light flashes rapidly
- 2) AP mode - Slow Flash or long brightness

Step 1: Switch ON the bulb, if the light is flashing rapidly the device is in EZ mode. Please proceed to pairing the smart device with the App. If not please follow Step 2.

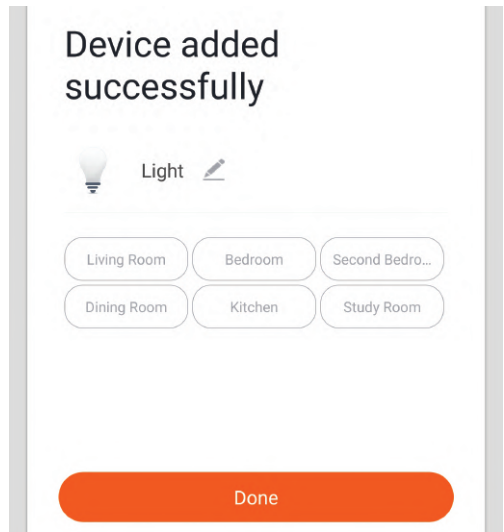

Note: Each time you switch the device OFF-ON repeatedly 3 times with short intervals of less than 2 seconds the pairing mode of the device alternatively switches between EZ mode and AP mode.

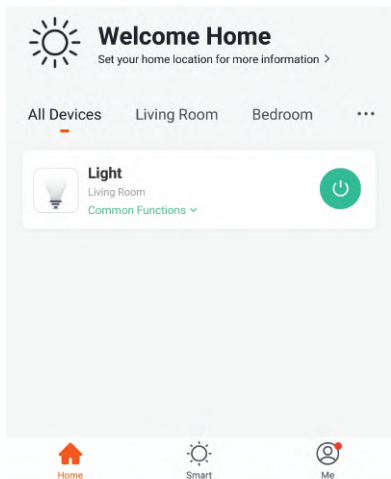

Step 11: Once you have successfully completed step 10, you will be redirected to below page, where the App searches, registers and initializes the device(lamp) (ref image below).

Step 12: Once your device is successfully added, rename the device to your preference.

Step 13: After successfully pairing the lamp with the app, you can start controlling multiple features of the lamp through your mobile– on/off switch, changing the colour temperature, timing & schedules, dimming options, and more.

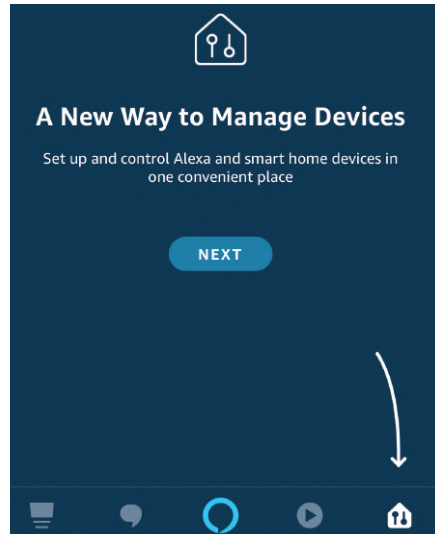

ALEXA SETTINGS

Step 1: Install the Amazon Alexa app via the App Store (iOS) or the Play Store (Android) and register. If you already have an existing account with Amazon Alexa, please proceed to logging in.

The screenshot shows the Amazon Alexa app's login interface. At the top is the Amazon Alexa logo. Below it is a 'Login' section with a link for 'Forgot password?'. There are two input fields: 'Mobile number or Email' and 'Amazon password'. A checkbox labeled 'Show password' is below the password field. A blue 'LOGIN' button is at the bottom of the login section. Below the login button is a link for 'New to Amazon?' and a button labeled 'CREATE A NEW AMAZON ACCOUNT'.

Step 2: Once you are on the Amazon Alexa home page, tap on the lower right icon — where the arrow is pointed — to add a new device and skill.

Step 3: Tap on  settings and tap on “skills and games” as shown below.

Step 4: Search for ‘V-TAC Smart Light’ on the “Skills & Games” page as shown below.

Search

Keyword or skill name
V-TAC Smart Light

Step 5: Enable the Skill.

STEPS TO DISSASSEMBLE THE LAMP (ONLY FOR MARKET SURVEILLANCE AUTHORITY)

DISASSEMBLING DIAGRAM

HOW TO DISSASSEMBLE THE DEVICE

1. Power off and take out a whole lamp
2. Unscrew the cover anticlockwise (there is glue on the thread of the cover, which needs to be opened with greater force)
3. Take out the lampshade, waterproof rubber ring, reflective bowl and other parts
4. Unscrew the four screws fixing the light source plate with a screwdriver
5. Unscrew the waterproof connector cap on the back of the light anticlockwise
6. Take out the waterproof joint cap and waterproof silicone rubber ring along the stripping end of the power cord
7. Take out the aluminum lamp cup with the power board
8. Take out the light source plate from the aluminum lamp cup
9. Take out the drive board with power cord from the lamp cup
10. Connect the light source board and the drive board (note that the pin should not be inserted reversely, and the arrow symbol on the light source board points to the side of the drive board where the components are attached)

Note: Dissassembling the Lamp will Void the Warranty
